- Integration adds 78 more attractions to TAB across 12 North American markets including New York, Chicago, Seattle, San Francisco and more.
- Barcoded vouchers provide protection against fraud to increase profits.

Palma, December 22, 2017. Hotelbeds Group, a leading bedbank worldwide and a business-to-business provider of services to the travel industry, has announced the integration of **CityPASS**, the provider of multi-attraction ticket products, into its **Transfer & Activity Bank (TAB)**.

The partnership will add to TAB's platform 78 new attractions such as the Empire State Building, the Statue of Liberty, Space Needle, World of Coca-Cola and Blue & Gold Bay Fleet Cruise Adventure, including a real-time booking confirmation and cancellation service, in 12 North American markets such as New York, Chicago, Seattle, San Francisco and Dallas. The CityPASS products have been activated for all distribution channels of Hotelbeds Group.

Javier Arevalo, Transfer & Activity Bank's Managing Director, explains that *"I am proud to announce yet another great partnership with a market leader for our fast-growing Transfer & Activity Bank (TAB) business. This integration is exciting news for the over 60,000 travel intermediaries that use our platform globally, giving their travelers full access to all the barcode protected CityPASS products across the United States"*.

This news follows Hotelbed's Group announcement last year of an ambitious plan to triple sales in its TAB business along with a commitment to expand its product portfolio and deliver best-in-class technology.

Hotelbeds Group's Transfer & Activity Bank (TAB) is the world's leading online distributor of transfers, tours and activities. It provides both the industry and the end consumer with a consolidated range of in-destination products worldwide. The company currently offers over 22,000 transfer routes in more than 1.100 destinations and - with the announcement of this partnership - over 16,000 activity options in more than 700 destinations. These activities include theatre, sport and theme park tickets, excursions and car rental products. TAB's products are distributed to more than 60,000 travel intermediaries globally in 135 source markets via the Hotelbeds Group distribution platform.
