About Hotelbeds

Hotelbeds is the world's leading bedbank.

In a fragmented and complex travel landscape, Hotelbeds provides over 300,000 hotel properties across the globe with access to high-value, complementary distribution channels that significantly increase occupancy rates- whilst not competing with the hotelier's direct distribution strategy.

Hotelbeds does this by offering hoteliers access to a network of over 60,000 hard-to-access B2B travel buyers such as tour operators, retail travel agents, airline websites, and loyalty schemes in over 140 source markets worldwide.

In addition to accommodation, Hotelbeds is also the world's largest B2B seller of travel ancillaries, offering worldwide coverage of transfer routes and 18,000 activities, as well as experiences and car rental suppliers. Operating under the 'Beyond the Bed' product line, it provides both hoteliers and travel distribution partners with an efficient platform and powerful tools to easily integrate and commercialise its leading portfolio of high-margin products.

The company is headquartered in Palma, Spain.
