

HBX Group and FinPay launch HBX Group eWallet, a new B2B payment solution for the travel industry

Submitted by clatruiyols on Tue, 15/04/2025 - 13:38

This tool incorporates advanced features such as integrated financing, access to invoices and complete traceability of transactions.

London, 15 April 2025–**HBX Group** (HBX.SM), a leading independent B2B travel technology marketplace, announces the launch of **HBX Group eWallet**, an innovative B2B payments platform specifically designed for the travel industry. The product has been developed in collaboration with **FinPay**, an e-money institution regulated by the Bank of Spain, and will be initially available in Spain in April 2025, with plans to expand to OECD countries starting in June.

A B2B eWallet is a digital solution that allows companies to securely store and manage payments quickly, and efficiently. Operating similarly to a digital wallet for consumers, it is designed to facilitate instant, cross-border transactions between companies. **HBX Group eWallet**, developed specifically for the travel industry, goes a step further by incorporating advanced features such as **integrated financing, invoice access, and full transaction traceability**. Its aim is **to digitise and automate B2B payments**, reduce transaction costs, and improve the operational scalability of the travel ecosystem.

“HBX Group eWallet represents a decisive step toward modernising B2B payments in the travel ecosystem. We want to set a new standard for efficiency and security in the sector, and this partnership with FinPay allows us to achieve this with a solution tailored to the industry's needs,” says **Daniel Nordholm, Chief Product and New Business Officer at HBX Group**.

“This collaboration with HBX Group leverages the full potential of financial technology applied to real-world business contexts. FinPay represents a breakthrough in the digitalisation of B2B payments and financing, and we are proud to be the technology partner making it possible,” concludes **Juan Antonio Soriano, CEO of FinPay**.

Registration on the platform implies acceptance of the terms and conditions of FinPay, the entity responsible for the payment and financing services integrated into the solution.

###

About HBX Group

HBX Group is a leading global independent B2B travel technology marketplace that owns and operates Hotelbeds, Bedsonline, and Roiback. We offer a network of interconnected travel technology products and services to partners including online marketplaces, tour operators, travel
